بدأت الحرب اللبنانية عام ١٩٧٥ و تسببت باقتال العديد من المؤسسات وكثرت الهجرة، فكان قراري الصمود في وطني فأسسْتُ مصنعاً "لانتاج الطحينة و الحلاوة بالطرق التقليدية، من هنا كانت نقطة البداية و مع العمل الدؤوب تطوّرنا من التصنيع اليدوي الى المكننة، من نوعين من المنتجات الى حوالي المئتي منتج، فمن نطاق جغرافي ضيق الى انتشار يغطي بلدان العالم و توالى الانجازات فكنّا أول المصانع اللبنانية المنتجة للطحينة و الحلاوة، الحائزة على شهادة ISO 22000 (قانون ادارة و سلامة الغذاء).

مع تقدّم الأيام و السنين وضعنا نصب أعيننا تطوير كافة منتجاتنا، لذلك بدأ العمل على الاستمرار في اضافة منتجات جديدة، و التركيز على المحافظة على جودة عالية لجميع أصنافنا مع اطلاق جديدة على زبائننا الذين نعتبرهم شركاء معنا فتم اطلاق "الربيع" بحلّة متميّزة.

يفضل الرقابة الدائمة على النوعيّة تمّت اضافة خطوط حديثة من الآلات المتطورة تضمن أعلى مستويات السلامة الغذائية لمصنوعاتنا المعلبة، ووضعت شروط صارمة على مراقبة استلام المواد الاولية لذا فقد أصبح اسم "الربيع" شمساً تشع على لبنان و العالم.

إن ذوق المستهلك هو من أهم المعطيات التي نركز عليها لتحسين وتطوير منتجاتنا حتى تصل الى كل بيت في لبنان و في بلاد الاغتراب. فتحن نعمل على وصولها و الماركات الاخرى التي ننتجها بأبهى حلّة و بما لذّ و طاب من مأكولاتنا اللبنانية بغية نبيل ثقة زبائننا ...

The Lebanese war started in 1975 and caused the closure of many establishments, the migration became more frequent, my decision was to resist in my country, I have established a factory producing crushed sesame paste and halawa in traditional methods, from here was the starting point with hard work, we have developed the manual production to mechanization from two type of products to about two hundred products, as from restricted geographical limit to spread covering the world, and the achievements follows in succession without interruption.

So we were the first Lebanese factories producing crushed sesame paste and halawa, processing the ISO 22000 certificate (law of management and food safety) With the days and the years progress, we have put in mind to develop all our products, so the work has started in adding continuously new products, and in maintaining the high quality of all our brands with a new look to our customers who are considered as our partners, therefore "AL RABIH" was designated in a distinguished look.

By virtue of the permanent quality control, modern lines of sophisticated machineries had been added to ensure the highest level of food safety for our canned products, and strict conditions were put to control the receipt of raw materials.

Therefore the nomination of "AL-RABIH" became the sun shining in Lebanon and in the world. The tact of the consumer is the most important information to lean on the developing and in ameliorating our products to reach every home in Lebanon and in abroad countries.

We are working on its arrival with other brands that we produce in a best look with delicious and pleasant of our Lebanese foods in order to get the trust of our customers.

Jam Cookies

Beat 750g of metled butter with 500g of powered sugar.

Add a pinch of vanilla and a zest of lemon.

Mix until batter is white.

Add 8 egg yolks one at a time beating until continuously.

Add 1Kg of flour and keep beating until the mix becomes a thick paste(dough).

Spread out the dough to a thickness of 1/2 cm using a cooki cutter.

Make small circles and pierce half the amount.

bake for 25 minutes. Remove when golden.

When cooled, spread a thi layer of "Al Rabih" jam and cover with the pierced cookies.

Sprinkle with powdered sugar and serve.

Sablés à la confiture

Battez 750g de beurre ramoli avec 500g de sucre en poudre.

Ajoutez une pincée de vanille et un zeste de citron jusqu'au blanchissement du mélange.

Ajoutez 8 jaunes d'oeufs, un à un en battant toujours.

Incorporer 1 Kg de farine et travaillez la pâte.

Etalez la pâte d'1/2 cm d'épaisseur at coupez avec un moule cylindrique des petits cercles.

Trouez au centre la moitié des cercles et enfournez pour 25 minutes.

Retirez du four quand les sablés sont dorés.

Etalez à froid une couche de confiture 'Al-Rabih' et recouvrez avec les cercles troués. Saupoudrez de sucre en poudre.

WATERS

Harmonized System Code: 33019030

Pour avoir une bonne digestion à la fin d'un repas, nous vous conseillons d'offrir à vos invités le fameux "café blanc" libanais. Il suffit d'ajouter une cuillerée d'essence de fleurs d'orangers "Al RabiH" à une tasse de café d'eau bouillante. Bien mélanger et sucrer à volonté.
